

[Verse]

C **Em** **Am** **Em** **FM7**
Burn it down 'til the embers smoke on the ground
C **Em** **Am** **Em** **FM7**
And start new when your heart is an empty room
Am **Em** **FM7**
With walls of the deepest blue

[Verse]

C **Em**
Home's face
Am **Em** **FM7**
How it ages when you're away
C **Em** **Am** **Em** **FM7**
And spring blooms then you find a love that's true
Am **Em** **FM7**
But you don't know what now to do
Am **Em** **FM7** **Am** **Em** **FM7** **C**
Cause the chase is all you know and she stopped running months ago

[Chorus]

FM7 **C** **FM7** **Am** **Em** **FM7** **C**
And all you see is where else you could be when you're at home
FM7 **C** **FM7** **Am** **Em** **FM7** **C**
And out on the street are so many possibilities to not be alone

[Verse]

C **Em** **Am** **Em** **FM7**
The flames and smoke climbed out of every window
C **Em** **Am** **Em** **FM7**
And disappeared with everything that you held dear
Am **Em** **FM7**
But you shed not a single tear
Am **Em** **FM7**

For the things that you didn't need

Am Em FM7 C

Cause you knew you were finally free

[Chorus]

FM7 C FM7 Am Em FM7 C

Cause all you see is where else you could be when you're at home

FM7 C FM7 Am Em FM7 C

And out on the street are so many possibilities to not be alone

FM7 C FM7 Am Em FM7 C

Cause all you see is where else you could be when you're at home

FM7 C FM7 Am Em FM7 C

And out on the street are so many possibilities to not be alone
